**CONTENTS, Vol. 10, Nos. 1–6, April 1993**

Digestive enzyme activities and their distribution in the alimentary canal of larvae of the three extant lamprey families, M.H. Cake, I.C. Potter, G.W. Power and M. Tajbakhsh 1

Effect of feeding and fasting on plasma tryptophan and tryptophan to large neutral amino acid ratio, and on brain serotonin turnover in rainbow trout, *Oncorhynchus mykiss*, W.L. Johnston and N.T. Glanville 11

Protein synthesis in trout liver is stimulated by both feeding and fasting, D.N. McMillan and D.F. Houlihan 23

Requirement for tryptophan by milkfish (*Chanos chanos* Forsskal) juveniles, R.M. Coloso, L.B. Tiro and L.V. Benitez 35

Metallothionein induction in cultured fibroblasts and liver of a marine flatfish, the turbot, *Scophthalmus maximus*, S. George, D. Burgess, M. Leaver and N. Frerichs 43

The biliary accumulation of corticosteroids in rainbow trout, *Oncorhynchus mykiss*, during acute and chronic stress, T.G. Pottinger, T.A. Moran and P.A. Cranwell 55

Plasma growth hormone levels in fed and fasted rainbow trout (*Oncorhynchus mykiss*) are decreased following handling stress, K.J. Farbridge and J.F. Leatherland 67

Effects of ambient ion concentrations on gill ATPases in fresh water eel, *Anguilla anguilla*, N. Mayer-Gostan and R. Naon 75

A quantitative comparison between diet and body fatty acid composition in wild northern pike (*Esox lucius* L.), K. Schwalme 91

The incorporation and metabolism of polyunsaturated fatty acids in phospholipids of cultured cells from chum salmon (*Oncorhynchus keta*), J.G. Bell and J.R. Sargent 99

Circadian pattern of hepatosomatic index, liver glycogen and lipid content, plasma non-esterified fatty acid, glucose, $T_3$, $T_4$, growth hormone and cortisol concentrations in *Oncorhynchus mykiss* held under different photoperiod regimes and fed using demand-feeders, T. Boujard and J.F. Leatherland 111

Qualitative modification of muscle metabolic organization with thermal acclimation of rainbow trout, *Oncorhynchus mykiss*, H. Guderley and A. Gawlicka 123

Myosin, parvalbumin and myofibril expression in barbel (*Barbus barbus* L.) lateral white muscle during development, B. Focant, F. Huriaux, P. Vandewalle, M. Castelli and G. Goessens 133

Effect of low sea water temperature on water balance in the Atlantic salmon, (*Salmo salar* L.), Y.V. Lega, A.G. Chernitsky and N.M. Belkovsky 145

Swimming performance, whole body ions, and gill Al accumulation during acclimation to sublethal aluminium in juvenile rainbow trout (*Oncorhynchus mykiss*), R.W. Wilson and C.M. Wood 149

Drinking behaviour in sea water and fresh water teleosts, the role of the renin-angiotensin system, M.N. Perrott, C.E. Grierson, N. Hazon and R.J. Balment 161

Gill morphometry of the red drum, *Sciaenops ocellatus*, E.D. Stevens 169

The effect of dietary lecithin and lipase, as a function of age, on n-9 fatty acid incorporation in the tissue lipids of *Sparus aurata* larvae, W.M. Koven, S. Kolkovski, A. Tandler, G.Wm. Kissil and D. Sklan 357

Changes in tissue and plasma free amino acid concentrations after feeding in Atlantic cod, A.R. Lyndon, I. Davidson and D.F. Houlihan 365

Influence of oral administration of estradiol-17$\beta$ and testosterone on growth, digestion, food conversion and metabolism in the underyearling red sea bream, *Chrysophrys major*, N.Y.S. Woo, A.S.B. Chung and T.B. Ng 377

Steroidogenesis by ovaries and testes of the European catfish, the wels (*Silurus glanis*), *in vitro*, D.E. Kime, S. Bhattacharya, M. Kołdras and K. Bieniarz 389

Influence of gonadotropic hormone-releasing hormone analog (GnRH-A) on plasma sex steroid profiles and milt production in male winter flounder, *Pseudopleuronectes americanus* (Walbaum), S.A. Harmin and L.W. Crim 399

Purification of gonadotropins (PmGTH I and II) from red seabream (*Pagrus major*) and development of a homologous radioimmunoassay for PmGTH II, H. Tanaka, H. Kagawa, K. Okuzawa and K. Hirose 409

Stimulation of acetylcholinesterase activity by triiodothyronine in the brain of Singi fish, *Heteropneustes fossilis* (Bloch), S. De, A.K. Dasmahapatra and A.K. Medda 419

Annual cyclic, and castration and cyproterone acetate-induced, changes in sialic acid content of the seminal vesicle of the catfish, *Heteropneustes fossilis* (Bloch), B. Senthilkumaran and K.P. Joy 425

Comparison of 3,5,3′-triiodo-L-thyronine and L-thyroxine absorption from the intestinal lumen of the fasted rainbow trout, *Oncorhynchus mykiss*, A. Whitaker and J.G. Eales 431

Incorporation and metabolism of $^{14}$C-labelled polyunsaturated fatty acids in juvenile gilthead sea bream *Sparus aurata* L. *in vivo*, G. Mourente and D.R. Tocher 443

Dietary carbohydrate utilization in cod (*Gadus morhua*): metabolic responses to feeding and fasting, G.-I. Hemre, Ø. Lie and A. Sundby 455

Interaction of low density lipoproteins with liver cells in rainbow trout, T. Gjøen and T. Berg 465

Hypoosmoregulation of larvae of the turbot, *Scophthalamus maximus*: drinking and gut function in relation to environmental salinity, J.A. Brown and P. Tytler 475

The role of cAMP in regulating the $\beta$-adrenergic response of rainbow trout (*Oncorhynchus mykiss*) red blood cells, A. Salama 485

Stanniocalcin kinetics in freshwater and seawater european eel (*Anguilla anguilla*), R.G.J.M. Hanssen, N. Mayer-Gostan, G. Flik and S.E. Wendelaar Bonga 491

Seasonal changes in cortisol sensitivity and glucocorticoid receptor affinity and number in leukocytes of coho salmon, A.G. Maule, C.B. Schreck and C. Sharpe 497

Effects of changes in plasma pH, $CO_2$ and ammonia on ventilation in trout, D.J. McKenzie, D.J. Randall, H. Lin and S. Aota 507
